The State of American Business

The Mon Valley Regional Chamber is so pleased to be bringing a representative from the United States Chamber of Commerce to our region. We urge all businesses and community leaders to attend this luncheon to hear Ben speak about the "State of American Business," what's going on (or isn't but should be) and the upcoming elections. This fits with our mission to present quality programs at our events and we want everyone to take advantage of this opportunity. Because of the importance of the program, the Chamber is inviting all local businesses to attend, regardless of Chamber membership.
